

## Our Golf Course is open for play under the following COVID-19 Protocols

- Anyone experiencing any signs of illness should not come to our Golf Course. This is for the protection of your playing partners and our staff. Please call and cancel your tee time if you are experiencing any of the symptoms associated with COVID-19.
- Our employees will continue to wear masks in all Morningstar Golf Club indoor facilities. Those visiting our site to golf or to dine can choose to wear a mask and are encouraged to do so in close or crowded situations.
- All golfers should book their tee times in advance through the Morningstar GC tee sheet (accessible at [www.morningstargolf.com](http://www.morningstargolf.com)) or by phone (250-248-2244). All tee bookings should include the names of all golfers in the group with contact information.
- All golfers should arrive for tee time check in at least 15 minutes prior to their actual tee time. Our Golf Shop can be a busy place - arriving early will allow our Golf Shop Attendants to check you in with time for you to hit some warm up balls and putt before being on the tee at your actual tee time.
- Our tee times will continue to be booked at 10 minute intervals as this greatly assists with pace of play and helps decrease the occasions when more than one group is waiting at a tee box.
- Golfers are encouraged to continue to practice safe physical distancing if playing with group members who are not familiar to them.
- As per current Provincial Health Office orders, those dining in The Morningstar Grill will require Proof of Vaccination. Group size and capacity limits are no longer in place and diners are no longer required to wear a mask while in the restaurant.

Thank you to everyone for your cooperation and patience as we transition to the next phase of the COVID-19 pandemic.

Your efforts, and those of our employees, ensured we were able to remain open as a safe place to golf and dine these past two years.
